## Welcome to the MWCF!

The Mid-Winter Ceilidh began in about 1990 as a winter fundraiser and volunteer warm-up for the Regina Folk Festival. The Regina Folk Festival had pipers involved early on, and it wasn't long before the newly formed City of Regina Pipe Band was playing. Then, the Regina Folk Festival decided to drop the event, and the pipe band took over and has been running it ever since.

Over the years, we've had some brilliant musical performances, and it has been a showcase for the City of Regina Pipe Band in the community. When able, we've always tried to include as much of the wider Celtic community as we could, and you'll see that tradition continues. This has been reflected in the "festival" part of the event. When you visit the Festival during the day, you see and hear diverse and excellent performers from Regina, and have the chance to learn about groups in the community, other events, volunteer opportunities, and we'll even have a few vendors selling Celtic wares.

All proceeds from the Festival go to supporting the City of Regina Pipe Band and the Conservatory Pipe Band, our youth band. As part of our partnership with the Conservatory at the University of Regina, the CRPB supplies all instruments and uniforms for the youth band. It's a costly undertaking.

We are grateful for our sponsors, whose support makes it all possible. Special thanks to Regina Plumbing and Heating for their major sponsorship of the band organization.

Our thanks to the volunteers, including the many excellent community groups who have agreed to participate. We hope you'll enjoy the day of activity, and we look forward to seeing you all out on the dance floor at the Mid-Winter Ceilidh!
